MAKU Career School Diploma  
Appendix-1

## **Career Development Application and Research Center** **MAKU Career School Diploma**

*To whom it may concern,*

*MAKU Career School is a "skill development oriented" training and development program, attended by MAKU students and graduates. Every academic year, a limited number of students from the distinguished students of MAKU are admitted to the program according to their academic achievement scores.*

*MAKU Career School starts with students' discovering their personality traits, interests, work values and needs of different career fields through psychometric measurements.*

*Students who complete the discovery process are included in a program that includes activities such as skill development trainings, interviews, workshops in line with their career plans. Students who provide the conditions of participation and success in the specified trainings and activities are given the MAKU Career School Diploma, which documents all their development processes.*

*This diploma is a mark of **Abdullah HAKSEVER**'s efforts, awareness and success for career development. We see «himher» as a future career star that will add value to your institution, country and humanity.*

*Best Regards*

**Prof. Dr. Adem KORKMAZ**

*Rector of Burdur Mehmet Akif Ersoy University*
